BALCONY/BREEZEWAY PRODUCTS

Our balcony/breezeway products for multifamily projects feature kick and roll installation and can be combined with other products to help prevent water intrusion in elevated areas.

THE CONVENIENCE OF **KICK AND ROLL**

Contractors appreciate TW-60's treated release film as opposed to paper, which can stick or tear. The simple application allows the contractor to get the job done faster. Simply **kick and roll!**

TW-60 SHEET WATERPROOFING MEMBRANE[†]

- Self-adhering rubberized asphalt sheet membrane with a polymer film on the surface

*Subject to manufacturing variation

BUILDING PRODUCTS BEGIN TO AGE AS SOON AS THEY ARE EXPOSED TO NATURE. BUILDINGS EXPERIENCE AGING FACTORS DIFFERENTLY, SO IT IS DIFFICULT TO PREDICT HOW LONG WATERPROOFING PRODUCTS WILL LAST. THAT'S WHY TAMKO PROVIDES A LIMITED WARRANTY FOR MANY PRODUCTS, THAT INCLUDES A BINDING ARBITRATION CLAUSE AND OTHER TERMS AND CONDITIONS WHICH ARE INCORPORATED HEREIN BY REFERENCE. YOU MAY OBTAIN A COPY OF THE LIMITED WARRANTY AT TAMKO.COM OR BY CALLING 1-800-641-4691.

BUILDING PRODUCTS FOR THE PROFESSIONAL

IMPORTANT SAFETY INFORMATION: Use personal fall protection devices when working with these products. Personal fall protection devices, safety glasses and hearing protection must always be used when applying these products. Moisture, frost or debris will decrease the traction when walking on these products. Applicator safety is of utmost importance.
